

omni shelving

The **omni** range of ultra fine stainless steel wall frames is available in four standard sizes complete with adjustable glass shelves.

Ideal for any contemporary interior, **omni** furniture may also be supplied with timber shelves on request.

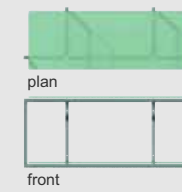

The **large** and **regular** frames rest on floors via adjustable feet as well as being fixed directly to walls for stability.

The **medium** and **small** frames are designed for direct fixing to walls.

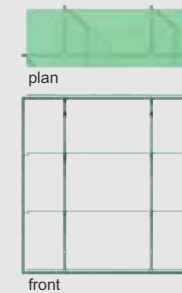

Omni frames are formed from 20x20mm stainless steel tube.

All shelves are 955L x 340D x 8mm thick, formed from clear toughened glass with polished edges and 5mm radius corners.

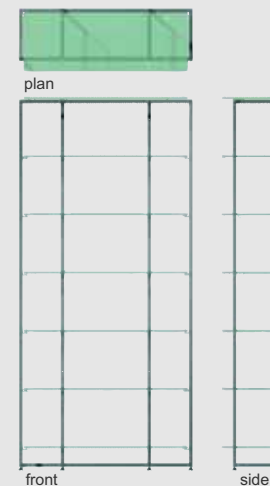

To accommodate skirtings, the large and regular frames are supplied with optional wall spacers to project frames 25mm off walls.
